

Hi, I'm Hayden Mieritz and this is my first year participating in the market sale project. My steer's name is Savage, and he is a black Angus. I will be a 7th grader at South Shore this fall. Some of my favorite pastimes include, hunting, fishing, basketball, running, golfing, and working with my animals on our family farm. This years project has taught me a lot of responsibility and helped me gain confidence in working with large animals. I also learned a great deal about record keeping and the importance of an animals diet and nutrition. I'm looking forward to the Market Sale Auction that lies ahead.
