Harvest Requirements:

- > This sale is being sold on a Ticket Scale Basis.
- > Red paint marks the boundaries and perimeter of sale
- > Timber sale borders private property in a small portion that is marked out in a blue paint line
- > Blue paint line is the boundary with private land, no equipment or trees may cross the blue paint line
- > **Aspen Clearcut:** LEAVE all purple painted trees, pine, hemlock, and cedar. HARVEST all other merchantable hardwoods, spruce, and fir. SEVER all non-merchantable hardwood stems 2" in diameter.
- > **Overstory Removal:** LEAVE all purple painted trees, hemlock, cedar, and pine. HARVEST all merchantable hardwood stems. DO NOT sever non-merchantable stems. Damage to advanced regeneration (10-20 ft tall) must be minimized.
- > **Gap Unit:** HARVEST all merchantable hardwood stems within the purple painted gaps. Gaps are painted with two-dot purple paint facing the center of the gap. 6-8 border trees per gap are painted in purple. Gaps are 60ft in diameter and approx. 200 ft apart in a grid pattern (15-18 gaps in total). The back of the gaps are painted with a purple slash assisting in the visibility of the next gap. Sever all non-merchantable stems down to 1" in diameter in gaps. Do not harvest any trees outside of gaps. Scarification within the gaps is highly encouraged.
- > **Gap and Thin Unit:** HARVEST all orange painted trees and all merchantable hardwood stems within purple painted gaps. Gaps are marked with two-dot perimeter trees (6-8 trees). Sever all stems down to 1" in diameter within gaps. Scarification within the gap is highly encouraged
- > Leave all snags except individuals that pose a safety hazard
- > Decking of wood along town roads will not be allowed without permission from Bayfield County.
- > 1 in 10 Tops less than 4" in diameter must be left scattered across the site.
- > Do not damage any survey monuments.
- > To comply with the Best Management Practices for Invasive Species: Prior to moving equipment onto or off of the sale area, scrape or brush soil and debris from exterior surfaces of the logging equipment.
- > This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure. (refer to Sec. 17)
