Topography: Gentle Rolling			Contract Number:	Mixed Hardwood*	119	23	
				Scrub Oak	79	21	
				Jack Pine	50	19	
* approx. 98% maple and 2% other hardwood							

Harvest Requirements:

- Sale is a clearcut being sold on a Ticket Scale Basis
- Sale boundaries consist of roads, gas pipeline, red paint line, or an abrupt change in timber type.
- Leave all conifer **EXCEPT** jack pine.
- Harvest all merchantable hardwood stems and sever all hardwood stems 2" in diameter and greater.
- Do not cut snags except for those that pose a safety hazard.
- If the Natural Gas pipeline needs to be crossed, Digger's hotline must mark the line and the pipeline company must be contacted prior to crossing. The pipeline company may place conditions on crossing the line. In the past they have requested that a soil lift be used where the road crosses the line.
- During winter harvesting the snowmobile trail must be kept unobstructed and in a packed snow condition. The purchaser must insure that harvesting and hauling operations will not create a safety hazard to snowmobiles.
- To comply with the Best Management Practices for Invasive Species: Prior to moving equipment onto or off of the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
- Decking of wood along town roads will not be allowed without permission from Bayfield County.
- If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.
- This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
