Average diameter of red pine is 7 in.

Harvest Requirements:

- Sale is being sold on a Ticket Scale Basis
- Sale boundaries consist of red paint line or an abrupt change in timber type.
- Harvest every third row (rows are marked with orange paint).
- Harvest all jack pine, white pine, aspen, oak, and maple necessary for operability.
- Harvested pine cannot be kept on the Bayfield County Forest for more than three weeks from May 1st to August 31st.
- A powerline goes through this sale. No decking will be allowed within the powerline right-of-way. Locations where the powerline will be crossed with equipment must be approved by the sale administrator.
- Do not cut snags except for those that pose a safety hazard.
- Whole tree harvesting and/or utilization of tops less than 4" diameter will not be allowed.
- This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
- To comply with the Best Management Practices for Invasive Species: Prior to moving equipment onto or off of the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
- Decking of wood along town roads will not be allowed without permission from Bayfield County.
- Do not damage any survey monumentation.
