5. In unit B, leave all conifer except balsam fir.
6. In unit C, leave all conifer and all purple marked trees.

## C. OPERATIONAL REQUIREMENTS AND SEASONAL RESTRICTIONS:

1. In unit B, no sale operations permitted between break up and July 15<sup>th</sup>.
2. If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.
3. Sale operations may only occur when the ground is frozen or exceptionally dry conditions, as determined by Bayfield County, in some portions of each unit.
4. In 2018, oak wilt was officially confirmed in Bayfield County. Currently, this timber sale is located more than six miles away from the closest known infected tree. However, over the duration of this contract, additional infections could be discovered. If, over the duration of this contract, including extensions, oak wilt is officially confirmed within a six mile radius of this timber sale, as determined by the county, the following seasonal restriction will be applied: no harvesting operations will be allowed between April 15 (or as otherwise determined by the county) and July 15.

## D. ACCESS AND ROADS:

1. This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
2. Decking of wood along town roads will not be allowed without permission from Bayfield County.

## E. OTHER:

1. In unit B, avoid skidding or traveling through all existing gaps indicated on the sale map.
2. To comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
3. Minimize damage to advanced regeneration in Unit C.
